

# REALISTIC, INTERACTIVE 3D PROPERTY EXPERIENCES

**OCM 3D Virtual Tours** go far beyond a standard online tour. It's the most realistic, immersive way to experience a property online and enables viewers to feel like you're really there.

## HOW IT WORKS:

We scan your property using the latest Matterport 3D camera technology. Your property is ready to view in just a few hours.

Do a walk through of the space as if you were physically moving room to room and experience it as if you were there.

Measure any wall, door, window or item within the space - see if a piece of furniture will fit through doors, etc.

Instantly get a bird's view of the space, so you can easily understand the layout of the property.

Zoom out and see a 3D digital view of an OCM property from the outside and rotate it along any axis to see it from any perspective.

## THINKING OF SELLING YOUR HOME?

Call **O'Connor Murphy Property Team** - we promise to get your property noticed
